

# RAHMAN INDUSTRIES LIMITED

## ENVIRONMENTAL MANAGEMENT SYSTEM APEX & PROCEDURE INTEGRATED MANUAL

### SECTION : 12.1

### ENVIRONMENTAL POLICY

### ANNEXURE 1

## ENVIRONMENTAL POLICY

*Rahman Industries Limited believes in Preserving, Enriching & Continually Improving the Organization's Environmental Performance as a part of its Environmental Stewardship Initiative to meet the needs of our Valued Customers. We aim to fulfill our Commitments through the following Actions:*

- Compliance with all the Applicable Environmental Legislations & Other Requirements (including Customer Requirements) that the Company Subscribes.
- Driving Continual Improvement by ensuring effective Management of our Environmental Impacts & implementing Environmental Management System in compliance with ISO 14001:2015 Standard and its Subsequent Revisions.
- Promote Use of Environmentally Sustainable Technologies for Prevention of Pollution and facilitate Continual Improvement in Environmental Performance.
- Identify the Environmental Aspects and Impacts from each Stage of the Manufacturing Process and implement Safe Operation Procedures.
- Conservation of Natural Resources for Sustainable Development and Plantation of Trees for Ecological Balance.
- Reduce adverse Environmental Impacts by Substitution of Hazardous Chemicals with Eco-Friendly Options and Adherence to Restricted Substance Specifications, MRSL & REACH Compliance Guidelines.
- Minimize Waste Generation by opting for Best Available Technologies (BAT) and Cleaner Production Technologies for Reduction, Reuse, Recycling & Safe Disposal of Hazardous & Non-Hazardous Waste, wherever feasible.
- Facilitate Periodic Review of the Environmental Policy to ensure its continuing applicability & relevance to our Operations.
- Establish Measurable Environmental Objectives & Targets and maintain an on-going Review Process to evaluate & enhance the Environmental Performance with respect to Reduction of Energy, Water & Resource Consumption, Minimization of Air & Noise Emissions and Waste Reduction including other established Environmental Objectives.
- Develop an "Environmental Conscious" Approach among Employees, Suppliers & Contractors through Ongoing Training, Awareness Programs and Proactive Communication.
- Encourage & Influence Environmental Stewardship among the Suppliers, Contractors and other External Providers to improve their Environmental Standards.
- This Policy shall be made available to Public & other Interested Parties on request.
